New Style Police Radio Meets Tests

The new FM transmitters and receivers, tested last Friday and Saturday, appear to be "in." If reactions of the city fathers have anything to do with it.

At the formal testing Saturday morning a complete and conclusive series of trials were given the equipment, working from two police cars and the temporary station, set up at the city offices.

Taking part in the test were Mayor Charles Farrell, Councilmen Gordon Feekings and Tom Kiley, City Manager William Alworth, Police Chief August Kethmann and Constable Fred Duffey.

The equipment is becoming standardized throughout the country and, in the words of the technicians present, is much more satisfactory in sending relay messages and especially in the clearness of reception. Tests were made from car to station, station to car, and car to car, and distances such as from Desert Hot Springs to Cathedral City seemed to be no obstacle. The only weakness was in the car to car transmissions after one of the cars had rounded the point of the mountain on the way to Banning. However, the station messages to or from the cars were not hampered by the mountain, according to reports.

In the words of Alworth, "it was a remarkable demonstration." Mayor Farrell embellished this sentiment with the hope that the council would see fit to procure the equipment "right away."

MORE LINES TO SANTA ANITA

Oh, he leaped and cavorted
At the sound of the bell.
And then for six panels,
He ran like a streak.
That was all that he had to
So I really got well.
So here is that fiver
You gimme last week.

Well, I finally got to Santa Anita after two postponements due to conditions beyond my control. . . . That's an obvious statement. . . . Was much intrigued by those tickets they put out after you pay your two dollars or what have you at which window. . . . Those designs they put on them to keep counterfeits at bay, are really clever. . . . They look like some of my notes and I spent most of the afternoon trying to read them. . . . Such things as PUMEL and PUN'b and the like. . . . Got some good ideas from playing they were notes I had taken. . . . Al-most forgot to watch the races. . . . Mrs. G picks her horses according to their names. . . . If they remind her of someone she knows, that's the one she wagers on. . . . I laughed at her at first but when she laughed at me when the race was over, I quit. . . . Her system beats burning the midnight electricity all to pieces.

THOUGHT at my period in life I had done all of the absent-minded things possible but pulled a new one last week. . . . Seems a letter intended for the son with the same initials as mine, came to me here in Palm Springs. . . . So I dutifully re-addressed it to Hollywood and started for the post-office. . . . On the way there I met a friend who had something for the paper. . . . So took the notes on the back of the envelope and five minutes later, dropped it into the mail chute. . . . Cost me \$1.50 long distance tolls to the boy to get those notes back. . . . Took that much time because he couldn't read them and had to

Double Open House Event Staged by Welfare Group

The Welfare and Friendly Aid of Palm Springs, under the presidency of Mrs. Barney Hinkle, held a double-barrelled open house last Thursday with simultaneous showings of their accomplishments at the Bellardo Road Youth Center and the Health Center at 459 E. Amado Road.

The open houses were held for the benefit of the general public in the gaining of better understanding of what the Friendly Aid and the Community Chest do for the community.

According to Mrs. Hinkle there was a nice turnout at both build-

March of Dimes Campaign Nearing Climax and Goal

The March of Dimes, drawing to a close with the grand climax scheduled locally for the Sun-Tan Parade Saturday at 1 p. m., had a most successful week-end, mainly through the medium of the Pony Express ride—gymnastics and ensuing dance at the Stables Sunday evening, according to co-chairman R. M. Trezevant.

The party was said to have been one of the gayest held in the Village for a long time, and a "considerable amount" was netted for the drive during the scheduled programs.

IT IS THE AIM of the campaign leaders to go over the top in this year's battle against polio—in fact, they say it is an absolute necessity in view of the tremendous infantile paralysis increase of the past year.

So far the results have been most gratifying according to the

Blood-Typing of All Village Planned in One-Week Drive

Blood typing of the citizens of Palm Springs is the civic program to be started next Monday, Jan. 31, by the local Amvets No. 34.

With three stations to be set up in the convenient downtown area, all Villagers are urged by Commander Jay Rollman to stop in at one of the stations for the few minutes necessary in determining the blood type, the RH factor and a Sorology reading, which is said to be the newest development in the blood readings for diseases formerly shown up by Wasserman tests.

In conjunction with the Community hospital and other Palm

ings. Acting as hostesses at the Health Center were Mrs. Hinkle and Madge Holderman, public health nurse; and at the Youth Center Mr. and Mrs. Leslie Jackson hosted with Mr. and Mrs. Harold Hicks and Mr. and Mrs. James Oliver. Also present were Mr. and Mrs. Harold McAllister, donors of the center's hobby shop.

At the Health Center to give his official blessing and well-wishes was Robert Westphal, county health officer from Riverside. Dancing was held later on in the evening.

At the Health Center to give his official blessing and well-wishes was Robert Westphal, county health officer from Riverside. Dancing was held later on in the evening.

NATIONALLY, the drive is said to be gaining momentum, and in most cities the windup of the campaign will be a grand ball or dinner featuring entertainment and appeals for the last kick at polio.

It is expected, however, that here in Palm Springs the novelty of the entire campaign, as mapped by the leaders, will be enough to create nationwide publicity as to our methods of handling an affair such as this "Desert Fashion."

Stations physicians. It is arranged that all blood typing will be done by authorized and competent personnel. After the tests have been taken during the week of Jan. 31 through Feb. 5 a complete compilation and registration will be made with cards sent to all applicants showing the data collected.

It is then advisable for each person who receives this information to note the typing on the back of his automobile operator's license, in a space provided for this.

Exact addresses of the stations and hours of typing will be announced Friday.

1-Hour Chest Drive Tomorrow; Red Watson Wins Race Thriller

Closing Drive Decides Pony Express Event

Victor Comes From Far Behind to Win By Three Lengths

Acclaimed by everyone who witnessed the race was the Pony Express Ride Sunday afternoon from Smoke Tree Ranch to The Stables.

Six entrants started out with each man changing mounts three times on the three-mile course, which made each of the four horses travel approximately three-fourths of a mile.

Winner of the grueling contest was Red Watson who pounded from behind to win by three lengths and be the first to deliver the March of Dimes proclamation of Mayor Charles Farrell into the hands of ex-Governor Jimmy Davis.

IMMEDIATELY after delivering the note establishing him as the winner, Watson slumped down into a dead faint from the strain. He was revived shortly after, however, with no apparent ill effects.

Watson represented the Palm Springs Calf Club, and one of the two entrants of Los Compadres placed second with the Garnet entry of Rolly Proebestel third.

The race was lined nearly the entire distance with cars and people lined along the way to watch the progress of the contest and the excitement was at a feverish pitch as the riders neared the finish line.

SO GREAT was the interest shown that it was decided to hold another next month with the date set for Feb. 20. The course has not yet been decided but will probably be about the same distance as Sunday's and probably in the same general vicinity. It is anticipated there will be a great deal more than the six entries started the other day.

Prizes were distributed among the contestants with Watson receiving 50 per cent of the net proceeds of the prize money plus a beautiful shirt donated by Frank Bogert and a pair of boots from another enthusiast.

Art Association To Hold Public Meeting Jan. 27

Palm Springs Allied Arts association announced today that its next regular monthly meeting will be open to the public.

The meeting will be held at 8:00 p. m. Thursday, Jan. 27, in the Fiesta House on the grounds of the Desert Inn. All those who are interested in the promotion of a local cultural center are urged to attend.

Membership cards for the 1948-49 season are still available, and all local and visiting artists who are not already members of the organization may apply at this meeting. The group now includes painters, musicians, writers and actors as well as patrons of the arts.

Costly Beverage

Henry Lee Allen, negro, arrested last week for stealing a bottle of liquor, was taken before Judge Eugene Thierieau yesterday where he was given a 30-day jail term with 25 days suspended plus a two-year fender.

Steak-Hungry Horse Stakes Out Restaurant

"A reddish horse, sex unknown," is the way a visitor was described to local police by a bartender at George's Steak House.

Wearing a saddle, he (or she) parked at the eatery last Saturday and decided to stay. Inquiries at all local stables failed to disclose his (or her) home.

Later on that night it was finally decided, after a phone call from Rolly Proebestel of Garnet, that the animal was his—seems the horse had disappeared at the Desert Hot Springs Mardi Gras and evidently decided on George's Steak House as the place to go.

FINAL BRIEFING—Captains and workers of the residential division of the current Community Chest campaign get their final instructions before going out to ring doorbells. Reports today indicate they are doing an excellent job and are on schedule.

Ten Directors Named at Annual Hospital Session

At the annual meeting to elect the 1949 board of directors last Thursday at the Fiesta House of the Desert Inn, the Palm Springs Hospital association elected ten new board members.

Those selected for the one-year term were: Ernest Alschuler, George E. Clarke, Jack French, Milt Hicks, Gordon Feekings, Mesdames Armand Turonnet, Fred Markham, Alice Guthrie, Charles Mathews and Lauritz Hansen.

President Frank Bennett reported on the status of the association at Washington and it is expected that a ruling from the War Assets Administration will be made within three or four months.

Dr. Vernon Chapman requested that the requirements of the medical staff be further clarified and he was asked to report at the first meeting of the new board, set for Thursday, Jan. 27, at which meeting the new officers will be named.

Rodeo Assured Full Support By All Village Organizations

Palm Springs Rodeo association was assured 100 per cent support by Village civic organizations last Friday noon when 45 representatives of local groups

met at Desert Inn for luncheon to hear facts and figures on the event slated for Feb. 5 and 6.

Lyle Greenman, who is backing the show was introduced to the group by Frank Bogert, chairman at the luncheon, and explained his interest and enthusiasm for western events.

BOGERT TOLD the group that the Rodeo was one of those things the Village needed to bring visitors here and to provide fun and western color for them when they got here.

He introduced Shirley Lucas, queen of the Rodeo and a famous rodeo performer and her sister, Sharon, also a noted Rodeo rider.

Verne Goodrich, stellar trick rider, took a bow.

Movie Celebrities to Aid In Selection of Girl to be Miss Palm Springs at Fair

Next Monday night is it, as far as the Junior Chamber of Commerce is concerned, for it's the date of the first annual Jamboree, to be held at the Tennis Club.

According to General Chairman William Myers, many Hollywood celebrities have said yes, they'd be there to aid, help, assist and abet the other great list of talent lined up for the entertainment end of the party.

THEN THERE'S going to be the queen chosen as Miss Palm Springs under the careful scrutiny of Chief Judge Charles Farrell, with his panel of beauty experts. Included as a local judge is Earl Cordrey, nationally known artist, and Farrell has promised to have three other motion picture notables on the five-man panel of beauty-scrutinizers.

The gal chosen will then be escorted to India for a crack at the title of Queen Scheherazade for the duration of the famous Date Festival, Feb. 18-22. Don

Kennedy is in charge of this committee work and he states the entrants are slow in filing and should do so immediately so they may get a good picture from the Terry Studio (free) since appointments must be made for the sitting and the acceptance of applications will end this Saturday at noon.

ON TAP TOO will be games for persons not caring to dance and these are being handled by Dick Beaumont, with Al Ziskins in charge of other entertainment. Don Carmichael heads the refreshment committee.

According to Rollie Dunlap, in charge of ticket sales, the advance sales so far are going much better than anticipated.

Thief Raids Room Takes Gun, Radio

Charles Avery, roomer at Oliver Jessie's house on the reservation, last week reported the theft of a 12 gauge Remington shotgun, a Crosley table model radio, clothing and other items from his room. Police are investigating.

Village Resident Taken by Death

Mrs. Allan Thomas, resident of Palm Springs and Beaumont, passed away at the Community Hospital last Friday, Jan. 21, after a long illness. She is survived by a son, Henry Thomas, of Beaumont.

Listed as Runaway

Listed as a runaway by local police yesterday was Robert Henderson, 14, who left for school in Banning in the morning in his black Ford coupe and has not returned home since. School authorities in Banning stated he did not report for classes.

The PUBLISHER'S Corner

HAVE YOUR BLOOD TYPED and save a life—it may be YOURS! With this slogan, the Amvets of Palm Springs are sponsoring a blood typing week—Jan. 31 through Feb. 5. The campaign is being carried on in cooperation with the Community Hospital and Palm Springs physicians. This is a highly important activity—one that every resident of the community should consider carefully.

Most people do not realize the importance of having their blood typed. They think it is done only for the purpose of donating blood. Blood must also be typed before a person can RECEIVE a blood-given transfusion, as they call it. Through the medium of this campaign, all persons who have their blood typed will have a form indicating their blood type stamped on the back of their operator's license. They will receive a registration card after the blood has been typed and need only fill it in on the space provided. This might be the means of saving the person's life.

Blood samples will be taken by registered physicians who will be at the Palm Springs Department store for three days beginning Monday, Jan. 31. Other locations of blood type stations later that week will be announced in this newspaper.

This blood typing program works in with the disaster service set up for the county. The information would be vital in the case of an emergency—and might save many lives. Residents are urged to give this matter serious thought. And a salute to the Amvets for sponsoring this important community service.

Uneventful—Just 8 Inches of Snow

The week-end at Idyllwild was uneventful, according to forest rangers, the only happening being an additional fall of eight inches of snow, they said.

Bill Rashall Painfully Hurt In Crash of Auto and Truck

Bill Rashall, long-time resident of the Village and well known local newsman, was painfully injured in an auto accident Friday evening on Highway 99 two miles west of Beaumont.

Making a routine trip to Los Angeles on Amvet business he ran afoul of a grain truck pulling out from the side of the road in the misty rain of shortly after 6:00 p. m. Failing to see the truck until too late because of its poor lighting, he was unable to pass due to oncoming cars. As a result he hit the truck with such force that his car was almost completely wrecked.

Rashall suffered several broken ribs and a cracked-up right knee. He was taken to the Redlands Community hospital for treatment where it was found that due to his chest condition there was a possibility of pneumonia so he was removed to the Birmingham Veterans' hospital at Van Nuys for further treatment and observation the following day.

Currently handling publicity for the big rodeo of February 5-6, Rashall was today conducting his business from his hospital room at Van Nuys.

Tuthill Faces Death Friday For Murder

Unless Gov. Earl Warren intervenes this week, Marvin J. Tuthill, Cathedral City plumber, will go to his death Friday in the lethal gas chamber at San Quentin for the murder of Charlotte Ann Beverly a little more than a year ago.

Tuthill was convicted of the slaying last spring and sentenced to die April 2. A last-minute reprieve saved him from the gallows at that time and his attorneys appealed to the state supreme court.

LAST NOVEMBER the court handed down an adverse ruling and Tuthill's death date was reset for January 28. On December 17 another appeal was filed, this time with Gov. Warren but no report had been made from that office up to yesterday.

The supreme court's adverse ruling in November was on the grounds that there was no evidence to justify a new trial.

THE SHOOTING occurred on the morning of New Year's day, 1948. Miss Beverly was fatally wounded as she entered her apartment in a Cathedral City court. Tuthill's defense was that he was drunk and did not know what he was doing.

Both parties in the case were well known in the Cathedral City area.

Vacations Here

Arriving last Saturday for a week-end of relaxation from the cares and worries connected with managing the West Coast activities of the Holland-American Steamship Line was E. F. R. DeLaney, who, with Mrs. DeLaney, put up at Estrella Villa, according to word from the Olman Travel and Reservation Agency.

Overbeck in Town

Harry "Bud" Overbeck, business representative for the Music Corporation of America in Beverly Hills, was a visitor in the Village last week contacting the various clubs and entertainment houses on business matters.

Enlarge County Fair Horse Show

Thirty per cent more entries than last season are expected to appear on the Horse Show program which will highlight each afternoon's entertainment of the five-day 1949 Riverside County Fair and National Date Festival being staged at the Fairgrounds here, Feb. 18-22, inclusive.

Last season's record showing of approximately 240 of the finest horses in California and surrounding Western states is expected to be broken for the coming event with anticipated entries reaching well over the 300 mark, according to Harry Marrell of 1000 Palms, director of the horse show.

The horse show will be part of the big Arena Show also featuring sensational circus acts and the famous and unusual camel races.

The arena grandstand has a seating capacity of 2000, along with several hundred ringside box seats. Bleachers will be erected on the adjacent side of the arena to take care of the large crowd of spectators expected to witness this special event.

Red Cross Plans First Aid Stations in Desert Section

Desert Hot Springs and Cathedral City are included in plans for installation of four additional highway first aid stations by the Riverside county chapter, American Red Cross, and expected to be completed by mid-February, it was announced by Ben E. Carpenter, safety services director for the county chapter.

All of the stations will be in the desert area, where a large toll is taken annually in lives and traffic injuries. They will bring the total number of stations maintained by the Red Cross on isolated sections of the highways to eleven.

Another station in this vicinity may be located between Idyllwild and Indio.

Carpenter said county officials are particularly anxious that personnel be trained and stations operating in advance of the opening of the Riverside County Fair and National Date Festival at Indio, February 18. Highway traffic increases to a marked degree during the fair period, he said, with a resultant increase in accident ratios.

Two volunteers, trained in standard first aid, must be on hand at each station. Each has a telephone, or one nearby, and is located to serve the public where medical care is not quickly available and where the accident rate is high, the director said.

Not all station locations are posted, he said, but will be shortly. Each will be identified by white enameled metal signs, having a large red cross and the words "Emergency First Aid—American Red Cross." Each side of the highway approaching the station will have posted signs, while a third will be on the station building.

Desert Riders Talk Plans For New Mountain Trails

By TONY BURKE

Palm Springs' oldest riding club, Desert Riders, is still in the saddle each Wednesday morning for a chuck wagon breakfast out on the desert despite the discouraging tricks of old man weather hereabouts lately. Last week some of the more enthusiastic members rode their mounts to the foothills on the west side of Palm Canyon and tethered them to the brush at a spot known as Sunny Cove, where Jack Boyer and his crew had set-ups for the hungry riders. About twenty members and guests signed the register, some arriving by Ed Sargent's buckboard drawn by two bays.

Following a few western ditties by Johnny Boyle with guitar, Round-up Boss Raymond Cree read a letter from the U. S. Forestry Service chief of this area, in which an answer was given as to the practicability of opening up a good riding trail starting from the bench at Palm Canyon and following up the West Fork to the wooded regions and the U. S. F. S. Ridge Trail that must be reached before crossing into the mountain meadows leading to Idyllwild.

THE VERDICT

of the forest rangers is that the job would be far too expensive due to the steep ruggedness of the approach from this side, so the Desert Riders were urged to use the funds that they had offered, together with other riding groups here, to aid the Forest Service in making this trail, for purposes closer to the desert floor. Five hundred dollars of the club's funds had been set aside for this purpose.

Phil Delano outlined the proposed route and its benefits to all horsemen, expressing the hope that something can still be worked out to enable riders to reach the beautiful riding country around Hemet Lake by a shorter trail than at present.

A PROPOSAL that Desert Riders, as a club, should make an application to join the California Horsemen's Association, was unanimously carried by the members, after a description of the state organization's fine work in behalf of horsemanship by both Ray Cree and Phil Delano. The latter and Frank Bogert attended the annual convention of the Association held at Santa Rosa last fall and came away with the promise that the 1950 convention would be held here in Palm Springs. This will bring some 3000 horsemen with their blue ribbon show horses for three days in October of that year.

This week the Desert Riders will meet for breakfast at Sunny Cove again, hoping that the location will live up to its name, but wearing the usual horsemen's long underwear as a precaution, just in case.

OF THE TWENTY

petty theft cases in the month, seven were laid to car clouting, in most cases the value of stolen articles was above \$50. Although dogs figured largely in the police reports, only one case of a biting dog was listed.

In all, 479 complaints were investigated in December and 3054 inquiries handled. Motor vehicles connected with the department travelled 14,399 miles in the month.

Village on Good Behavior During Christmas Month

One felony arrest and 142 misdemeanor arrests marked December in Palm Springs according to the monthly report filed with City Manager W. E. Alworth by Chief of Police A. G. Kettmann this week.

The felony arrest was for insufficient fund checks. During the month 12 felony complaints were investigated, eight for burglary, two for grand theft and one each for auto theft and for bad checks.

AS USUAL, traffic citations topped the list in the misdemeanor class with 107 listed. Drunks were in second spot with 17 facing the judge for over-indulgence and five were picked up for vagrancy. Two were arrested for drunk driving and one man ran afoul of the law for carrying a concealed weapon. Four were nabbed for possession of liquor on the reservation.

Traffic accidents showed a gain with 16 listed in December. Injuries resulted in four of the accidents.

Employers Ass'n. Maps Plans for Greater Activity

Determined to make the Palm Springs Employers Association a vital force in the Village activities, Lee Bering, recently elected president of the association, announced that the non-political organization expects to work closer with the chamber of commerce and other civic bodies in the betterment of the Village.

Starting out next Tuesday with an informal dinner-dance at the Chi Chi Blue Room, Bering stated the purpose of the meeting is to make a more closely knit relationship among the employer members. At a meeting Saturday with the entertainment committee for the affair, Herbert Menneil and Merrill Crockett, co-chairmen, it was brought out that the best sales people the Village has is its group of employees, and the best way to get the best out of the employees is a better employer-employee relationship.

2-County Bank Sessions Slated

Fred Ingram, head of the local branch of Bank of America will head a delegation from the local institution to Arrowhead Springs hotel north of San Bernardino tonight when Bank of America officials from Riverside and San Bernardino counties tally in a joint dinner session.

Scheduled to go with Ingram tonight are Harold West, G. H. Mitchell, A. C. Bonham, D. E. Thompson, F. F. Zrebiec, Charles Hawkins, George Bloeser and Jack McCoy.

to accomplish this program," stated Bering, "and to do this we must have a more informal and better-acquainted membership—that's why we are having the dinner-dance next week."

"We are asking that each member bring along a prospective new member as a guest. In addition to meeting and becoming acquainted with fellow-businessmen of Palm Springs there's also going to be a swell show and I'm sure everyone will have a good time," he concluded.

The tab will be \$3.50 per person and it is requested all inquiries be called in to the association office, 2824.

He Didn't Want Riches---He Was A Hungry Man

A new type of house-breaker has come to Palm Springs: one not interested in material or worldly gain of anything such as furs, jewelry, appliances or other items thieves usually go after—this person was just plain old hungry, so he ate.

Nikki Kueker, 1337 Buena Vista Dr., turned in this report to police yesterday morning at about 4:30 o'clock, stating that after an evening out she had returned home and found the intruder had entered through the bedroom window.

Nothing had been taken, it was found after a checkup, but the unwanted guest had taken advantage of the kitchen facilities and had cooked a snack then departed.

It was assumed that dirty dishes were the main cause of complaint.

To Eliminate Danger Spot At Beaumont

Removal of a serious traffic hazard between Palm Springs and Redlands and by way of Riverside is on the agenda of the state highway commission according to E. Q. Sullivan, division engineer with offices at San Bernardino. The plans call for separating Highways 60 and 99 where they branch just west of Beaumont.

At present the westbound lane of 60 crosses the eastbound lane of 99 at grade level where the roads meet to form 60-99 eastward through Beaumont and Banning to Palm Springs.

PLANS CALL FOR an overpass over the proposed four-lane Beaumont-Redlands road at the junction to carry Riverside-bound traffic across the eastbound lane. Several accidents have been reported in the channelized road where the two lanes now cross and stop signs slow traffic there. Building of the separated grade structure, along lines of the traffic separation at Palm Springs junction will reduce the accident risk and speed up traffic.

THE IMPROVEMENT is slated for early action along with the widening of Highway 99 from Beaumont to Redlands. A portion of that highway, over hills, is now four lanes and four lanes are in service from a point a few miles this side of Redlands into that city.

It is proposed to widen the entire section to four lanes providing a wide highway all of the way into Los Angeles from Palm Springs junction.

Martin Belloni Hands Out Cigars

It was free cigars at the Amado Cafe last week-end—Martin Belloni, proprietor, was doing honors as a result of William Ross Belloni, six pounds, 10 ounces, who arrived at the Community Hospital Friday morning at 10:10 o'clock. Both the young man and the mother were said to be doing well.

WARBLES—Frank Guatiello, Desert Hot Springs singer, does his bit with guitar and quartet at the community's Mardi Gras.

Unbidden Guest Brings in Police

Franklin Hale, 1451 Paseo de Anza, has a new twist on the stage play, "The Man Who Came to Dinner"—he reported to local police Sunday that there was a Great Dane who came to dinner, and, like the man in the play, stayed on and on—unwanted.

The animal literally moved in and refused to leave. And, with meat prices what they are these days, and with Great Danes eating what they do, Hale considered the economic aspects involved.

Besides that, the brute was not exactly friendly and he was accused of bothering members of the household and neighbors. Hence the report to the police who referred the case to Dr. O. B. McKory, city health officer.

Duck Decides Village Good Enough for Him

Probably thinking the Bonaire Village swimming pool was a good place to go for a quick swim a wild canvassback duck dropped in last week for a short visit, but, like many other visitors to the Village, liked it so well he just upped and stayed on and on.

In fact he's still there. Except that now he's not wild anymore. Mort Kallis, mentioned last week as the man with the two saddles which at one time belonged to Tom Mix, and the duck have seemed to have developed an affinity for each other. The bird likes Mort and eats out of his hand, and from all indications, it would appear that the two will be very happy together.

Desert Hot Springs Defies Obstacles to Stage Festival

Desert Hot Springs Mardi Gras last week-end, while contending with poor cooperation from the county sheriff's department and the weather man, succeeded in giving the crowd what it wanted—a good time.

High-lighted by the shows at the theater, the two-day event was hampered by the chill which kept everyone indoors. But Red Ryder's new picture and personal appearance was met with popular approval and the show, featuring both home-town and Hollywood talent, caught the popular fancy.

Penny Haley, winsome local miss, was chosen as queen from a field of four finalists. Gloria Ferrino's "My Man" was outstanding, as was Leora Plymire's "Mimi" in the musical department. Miss Ferrino who lives in Hollywood has just completed the television rendition of the opera Carmen and will shortly start work on Pagliacci.

They Hope Next Sunday's the Day Flying Medicos Coming Feb. 5

With fingers crossed, members of Palm Springs Girl Scouts council were watching the weather today hoping that the "unusual" spell was near an end.

They want to stage that water carnival next Sunday at the Biltmore pool. Originally set for two weeks ago, the affair was postponed because it was wetter outside of the pool than in.

All acts are being contributed and money raised at the affair goes to the Girl Scout building fund.

Cutest trick of the show, however, was Joan Baxter, DHS miss, aged nine and a half. Dancing the rumba and other popular numbers she was given many curtain calls, as the result of her professional performance. Daughter of DHS schoolteacher, Wynne Baxter, Joan has done a good deal of motion picture work, considering her brief span of years in show business, and will appear shortly in Humphrey Bogart's newie, "Knock on any Door."

Frank Guatiello wowed his local following with the rendition of some old-style solos and harmony with his barbershop quartet, and his sister, Anne Valvo, also was well received with her sweet warbling.

Trixie Blanco, danseuse from the Mexico City opera, performed in the finest polished tradition, and Maxine Williams, DHS and Palm Springs lovely, added the necessary amount of glamor.

With weather conditions at a low ebb all over the state during the past week-end as far as flying conditions were concerned, it was decided by the famous "Flying Doctors," under the leadership of Dr. Robert P. Haring, Bakersfield, that the meet here scheduled for last week-end would be postponed until Feb. 5.

Gathering once each month in different parts of the state where they make the trips in their own planes, they are able to conduct seminars on health problems in relation to aviation, discussing such subjects as air sickness and its treatments, heart problems in flight and other related topics.

It is expected by the airport manager, Mary Nelson, that flying conditions will be good by the week-end of Feb. 5-6 so the swooping surgeons can take advantage of Palm Springs' "Package Weekends," according to Win Wood, airport publicity director.

During the War of the Revolution numerous colonial newspaper editors were forced to flee before the advancing British army.

Another Warning Issued on Motor Vehicle Licenses

Harold Fraulob, manager of the Department of Motor Vehicles office at Indio, today urged Village motorists to avoid the last-minute rush by renewing their registrations at once.

"It has been our experience that a large number of motorists delay until the last few days before penalties go into effect at midnight, February 4, to renew their registrations," Fraulob said. "Then they become exasperated because they have to wait in line."

The manager said immediate service can be obtained now. He cautioned motorists to bring both copies of their business machine-prepared potential registration card or their typed potential registration card with attachments, depending on which was received.

If a potential registration card has not been received, renewal may be effected on the 1948 white registration card, the registration official explained. If an applicant does not receive a 1948 registration document or a potential registration card by January 20, he should consult the nearest Department of Motor Vehicles office.

By using the potential registration card to renew, the applicant will receive his 1949 license tabs and white registration card immediately. Nothing will be mailed to him later.

The Indio branch office is in the Plaza hotel.

The Boston Gazette, leading newspaper which espoused the cause of the American Revolution, never had more than 2000 circulation.

Square Dancers Elect Campbell First President

Rompin' and stompin'—mostly the latter—the Squar Dance club completed organization matters last Thursday night at the Desert Moon Guest ranch at Thousand Palms and then just danced. Cliff Campbell was elected president and other officers are Bill Smith, treasurer; Mrs. Dytha Weil, secretary; Roy Rogers, working manager; Elmo Lee, sergeant at arms; Babs Delano, publicity; Mrs. Gladys Allard, entertainment; Mrs. Les Morgan, music; Directors are Mr. and Mrs. Campbell, Mr. and Mrs. Paul Harrison, Mr. and Mrs. Morgan, Mr. and Mrs. Dick Parton and Mr. and Mrs. Joe Butler.

Roy Rogers, organizer and caller for the dances, staged a set from Ramon Trailer Park where they do 18 different dances in four minutes and it was really something to see.

The club, the first of its kind in the Palm Springs area, was greeted with enthusiasm and its membership closed at 68.

The next meeting is scheduled with Jimmy Davis at The Stables.

County Escrow Club in Session At Palm Desert

The Riverside County Escrow association held its monthly dinner-meeting at the Shadow Mountain Club, Palm Desert, last week with 125 attending from all parts of the county.

With Irene C. Johnson, Palm Springs Bank of America escrow officer and president of the association, in charge, a very enjoyable time was had by all at the dinner which was followed by a dance, according to local members who attended.

At the business part of the meeting, the members and guests from Palm Springs, Indio, Silt, Beaumont, Banning, Elsinore, Corona, Coachella, Riverside and Perris heard an address on foreclosures by W. W. Bower, assistant trust officer of the Riverside branch of the Bank of America.

Assisting Miss Johnson on the program were Tom Mullen, manager of the Bank of America, Indio; and A. D. Morton, escrow officer of the Indio bank.

It was announced by Miss Johnson that the Citizens National Trust and Savings Bank of Riverside would host the next meeting, Feb. 17, at the Mission Inn.

IN CHARGE—William H. Eisenman, Village winter resident, who is in charge of plans for the Western Metal Congress and Exposition in Los Angeles in April.

Home and Guest Cottages Planned

Mrs. Mary Kester, Long Beach resident, recently purchased two income lots in the Tahquitz River Estates through the office of Ransom & Hinkle.

Mrs. Kester and her architect are at work on plans for the building which will consist of a beautiful home as well as bungalows which will house guests.

William Boggess, represented Mrs. Kester in the purchase of the building sites.

Village Resident Busy Preparing Metal Congress

William H. Eisenman, 220 Hermosa place, Palm Springs, is due back in town today after a week in Los Angeles, where he has charge of plans for the Western Metal Congress and Exposition. The combined technical sessions and display will be held April 11-15 in Los Angeles' Shrine Convention hall.

Eisenman, who is secretary of the American Society for Metals, with offices in Cleveland, has scheduled his dates to spend as many week-ends as possible in the Casita Manana, Palm Springs home which he recently purchased.

Twenty technical societies identified with industrial production will program speakers for sessions of his congress. In the exhibit will be latest developments in producing, fabricating and applying ferrous and non-ferrous metals.

Eisenman's own society numbers 20,000 members. For 30 years, it has staged under his management the National Metal Congress in some eastern city. The Western event has been held on five previous occasions, three times in Los Angeles, once in Oakland and once in San Francisco.

Since Eisenman first visited Palm Springs eight years ago, he has spent the winter months here every year. As he intends to continue these annual visits, he purchased the Hermosa place house as a winter residence.

County Planning Mandatory, Boyd Tells Commission

Assemblyman Phil Boyd, in a letter to the county planning commission informed them that planning for zoning and land use regulation by county planning commissions is mandatory under state law.

His letter was directed to Planning Commission Chairman A. C. Fulmer and was written for presentation at the planning commission meeting.

Assemblyman Boyd said Imperial and Riverside counties are the lone southland counties which have not complied with the state planning act by creating a master plan including land use regulations although Riverside county planners have been considering such regulation for ten years.

Agricultural interests and billboard firms have been a strong factor in delaying county zoning heretofore, he said.

He added that the constitutionality of zoning regulations has been upheld many times by the courts.

Noah Webster founded the American Minerva in New York in 1739 with the assistance of Alexander Hamilton.

New Income Tax Blanks Explained by Revenue Chief

Harry C. Westover, collector of internal revenue for southern California, this week called attention to taxpayers to the new income tax form which will be used by many taxpayers this year. It is the new Form 1040-A, which may be filed by most wage earners with incomes of less than \$5000 who want the collector to compute their tax.

This form takes the place of the withholding statement, known as the W-2, which last year could be filed in lieu of a return by filling out certain information on the reverse side.

This year, similar information has been printed on a separate sheet of paper of the same size as other income tax returns. It provides more space for writing and instructions, and is designed to minimize problems of taxpayer.

Persons who work for more than one employer during the year. Employers will continue to issue withholding statements to employees. All such statements, according to Judge Westover, must be furnished to employees not later than January 31. Many have already been issued.

The new tax form 1040-A have been furnished in large quantities to practically every employer. They may also be obtained at any office of the collector of internal revenue, and at most banks and post offices.

Persons who desire to use this new form must attach to it the original copies of all withholding statements received from all employers during the year. Failure to attach even one such statement will make it necessary for the collector's office to return all papers to the taxpayer; and he must then file his return on the regular Form 1040.

Indians Move Into Third Spot In County Loop Race With Last Minute Win at Beaumont

Palm Springs Indians moved up into third place in Riverside County league Friday night with a last-minute 46-44 victory over Beaumont on the latter's floor.

Merle Simpson popped one through the basket just before the final whistle to break up a tie and put the Village five out in front. Dale Summers, Indian sub, had tied it up the minute before with a free throw at 44-44.

EDDIE WEISS, recovered from an ailing ankle, was back in form and led the Indians with 13 points, from his post as center.

The Indians got away to a flying start and at the end of the first quarter were out in front 22-7. Beaumont hogged the sec-

ond period, running up six points while blanking the locals to make it 22-13 at half time in favor of Palm Springs.

THE SECOND HALF was nip and tuck with the Indians hanging on to a slim 34-31 lead at the end of the third period which was a fast scoring session. Into the final period the two teams went still scrapping with the Beaumont Cougars gradually wearing down the local five and with but a short time to go, pulling ahead 44-43.

That's where Summers came in. He sank a free throw to tie it up at 44-44 and while the gallery settled down for an extra period of play, Simpson put one through which gave the Indians their 46-44 victory.

BEAUMONT was the defending champions and last Friday's defeat was their first of the 1946 season.

In the B game, the little Cougars clawed the Paposes 53-17 in a wild game.

Coach E. E. Ballaugh's boys boast a record of only one defeat in high school play.

Deep Sea Fishing at Salton Reported Step Nearer Today

Plans for making Salton Sea a happy fishing grounds for deep sea fishermen were given a boost last week with success of the second attempt to stock the inland lake with forage fish, officials of the state fish and game division reported.

The forage fish are being planted as a preliminary step to stocking the sea with game fish later.

Of the 1500 anchovyettes, a salt water herring, caught in Mexican waters, 1000 survived the trip to the sea where they were liberated earlier this month.

"Another chapter in state efforts to establish a marine game fish 250 feet below sea level in waters of the Salton Sea has been completed by the Division of Fish and Game. Into the desert-bound lake this month went a second plant of anchovyettes which may someday provide forage fish for later plantings of game fish," reported a spokesman for the California department which handled the undertaking.

In an earlier attempt to bring forage fish from the Gulf of Cali-

fornia to the Salton Sea, most of the fish died en route, rendering the project largely unsuccessful.

The latest load of imported fish were caught by a commercial fishing craft in Mexican waters. Only two-thirds of the shipment of 1500 fish survived, but this was overwhelmingly better than the unsuccessful attempt earlier. The fish were supplied by the Lower California Fisheries association of San Diego.

Amvets Discuss Meeting Places

Palm Springs Amvet Post, 34, met in regular session last night at 8 o'clock at Del Tahquitz hotel with Commander Jay Rollman in the chair.

Discussion of future meeting place for the Post marked the evening.

Lucius W. Nieman founded the Milwaukee Journal in 1882.

Dunkin Winner In Sunday Shoot At Local Range

Sixty-year young Fred Dunkin of Los Angeles showed the younger fellows how it should be done Sunday when he took all three matches on the local target range and, to add insult to injury, teamed up with Al Gardenhire to win the team shoot.

Dunkin fired a 399 with 28x in the 50-yd. iron sight match and 400 with 30x in the 100-yd. match for a 799 and 58x out of a possible 800 and 80x.

The winners in their respective classes were:

50-yd. iron sight match. Winner, Fred Dunkin; 1st. Master, Al Gardenhire, 2nd. Master, S. Wright, 1st. Expert, John Carlson, 2nd. Expert, G. Olson, 1st. Sharpshooter, G. Thomason, 2nd. Sharpshooter, D. Russell.

100-yd. Any Sight Match.

Winner, Fred Dunkin, 1st. Master, I. C. McCoy, 2nd. Master, Al Gardenhire, 1st. Expert, Harry Mann, 2nd. Expert, J. V. Moore, 1st. Sharpshooter, D. Russell, 2nd. Sharpshooter, G. Thomason.

Aggregate of the two matches.

Winner, Fred Dunkin, 799x58; 1st. Master, Al Gardenhire, 798x46; 2nd. Master, Spurge Wright, 797x49; 1st. Expert, John Carlson, 796x45; 2nd. Expert, Harry Mann, 795x52; 1st. Sharpshooter, G. Thomason, 785x36; 2nd. Sharpshooter, Del Russell, 784x37.

Despite the stormy weather 15 shooters drove down from Los Angeles to attend the annual Palm Springs-Los Angeles Shoot and a good time was had by all.

Mrs. Carlson assisted by Mrs. Russell and Mrs. James served lunches and hot coffee throughout the day.

A bang up job of target running was done by Marshal Thompson, Gene Thompson, Harold Sweet, Marvin Logan and Bill Robertson of the Junior Rifle Club at the high school.

Suspect Returned In Morals Case

Returned from Casa Grande, Ariz., Friday by local police was Jean Myers, 45, arrested in that town as a result of inquiries sent out that he had been wanted here on a morals charge since last November.

He will be held in the city jail pending arraignment.

Announce Plans For Basketball Round-Robin Play

Bob Bennett, director of the basketball leagues—both the county and city—announced yesterday the lineups for the first city round-robin play of the five teams.

Each Monday and Thursday there will be two games at the high school gym, 8:00 and 9:00 p. m., with the Mexican Colony and Royal Palms Hotel teams opening the schedule last night, followed by the Globe Trotters versus the Junior Chamber of Commerce.

NEXT THURSDAY the county league will have the opener—the local Doll House Five against Indio. This will be followed by the Lions Club team tangling with the Mexican Colony.

On Jan. 31 the Royal Palms meet the Globe Trotters followed by a tussle between the Jaycees and the Lions. The next night of meeting is Feb. 3 when the Lions go up against the Royal Palms followed by the Mexican Colony and Jaycee match.

On Feb. 7 the Doll House will have another county league game here when they play the opener against Perris, followed by the Globe Trotters vs. the Lions.

TO WIND UP the first of what will probably be four round-robins, will be the games on Feb. 10 between the Jaycees vs. Royal Palms and the Globe Trotters against the Mexican Colony.

According to Bennett, there is a possibility that there may be more teams entered in the city league later on and if so the following round-robins will be altered in the city league then, otherwise, the schedules will be about the same as the above.

Indio Protests Phone Service

Indio is up in arms over its telephone service and unless something is done, will appeal to the state public utilities commission.

At an Indio city council meeting last week the city clerk was authorized to write the company—the Coachella Valley Home Telephone and Telegraph company—and ask what is being done to improve service.

If a satisfactory answer is not received the city plans to ask the state commission to set a date for a public hearing.

Fame of Village Tennis Spreads Across Nation

Palm Springs' tennis stepped into the nationwide spotlight this week with the current issue of the American Lawn Tennis magazine.

The magazine which is the top publication of the tennis field carries a fully illustrated story on tennis as played at the Palm Springs Racquet Club.

The article covers both the Club's tennis activities and background and states "For tennis minded members of West Coast society, Charlie Farrell's swank Racquet Club ranks as the nation's most fashionable place to try out a serve."

Illustrations include an air view and pictures of local and national tennis figures Jack Kramer, Pauline Betz, Budge Patty, Dave Gillam, Paul Lukas and Charles Farrell, as well as motion picture personalities.

The Boston News-Letter, first successful American newspaper, had a circulation of 300 after 15 years of publishing in 1719.

Hemet Hangs on To League Lead

Hemet high-squeezed by Banning 32-29 Friday night to hang on to its lead in Riverside County League play although it had a close call in a ding-dong battle. Hemet piled up a commanding lead in the first period and despite a determined battle by Banning the latter could not whittle it down before the final whistle.

San Jacinto maintained its clear record by trimming Elsinore 47-23 but faces trouble next Wednesday at Beaumont when a postponed game is to be played off.

Coachella broke into the win column by dumping Perris 37-28. The standings as of Friday night:

	P	W	L	Pct
Hemet	3	3	0	1000
San Jacinto	2	2	0	1000
Palm Springs	3	2	1	667
Beaumont	2	1	1	500

Wandering About With Marj

By Marjorie Grant Pohl

I SAW:

Cowboy garb and western doings swinging back into the number one position in Village activities as rodeo days draw near. Everything from "swing your partner" square dancing to the milder form of "put your little foot right there," is much in evidence as The Stables, Guest Ranch, the Desert Inn and even the Trailer Villages party in the western mood. Horsebackers are winding down desert trails and JACK BOYER'S breakfast rides are a fun and food frolic for the early morning hours. . . FRANK BOGERT'S Thunderbird Ranch was the setting for a square dance evening Friday night with Villagers joining with ranch guests for the merriment. MR. and MRS. BILL GRANT, Deep Well's DEEDEE BENNETT accompanied by former Villager ANN JAMES, who now lives in Los Angeles, (just had to get back for a few days of fun), MR. and MRS. JACK CROMMELIN of Smoke Tree, ERNIE ANDRADE, Smoky Moon Ranch's MR. and MRS. JAMES MALONE were all there, as were ranch guests MR. and MRS. ALLAN EVERETT of Crawford, New Jersey and MR. and MRS. EDWARD EVERETT of Palo Alto. The Everett Brothers set their vacations to coincide for a desert holiday. . . Caught glimpses of Trico Gas Company executive J. W. Hendricks of Piedmont and MRS. HENDRICKS, New York's MR. and MRS. R. E. TILLES (Gotham, Hosiery), and San Diego's DR. and MRS. W. E. SATTERLEE and their daughter GINGER.

Out at the Stables the Los Compadres special western night which comes around every Wednesday was a gala occasion, while Saturday night jammed with Western fun makers. . . BILL and MARY GARGAN and TRAV and WILLIE ROGERS preceded us in the door where we found the HUTCH MOSELEYS and WALL SPAULDINGS already dancing to the music of ex-Governor JIMMIE DAVIS and his Sunshine Boys.

The western flavor was in evidence at the Desert Inn when they Western night Wednesday. . . Joining in the fun there, MR. and MRS. ELMER C. ROBERTS of Oak Park Illinois, Minneapolis's MR. and MRS. A. F. JOHNSON, Villagers DOROTHY FANNING and ROLAND VAILE, MR. and MRS. G. R. GIBBONS who are here from Pittsburgh, and TANI and JOHNNY BOYLE, to mention but a few of the dancers.

Down at the Racquet Club found the Inn's Social Director FLORENCE SHELLEY doing the honors for MR. and MRS. V. A. ROXAS of Manila. She is the daughter of Manuel Roxas, late president of the Philippines. The couple were married in New York (she is a Vassar '46 grad) a month ago and after their wedding trip about the United States will fly to Manila on the 26th of this month, to make their home there. . . On the tennis court movie-land's VAN JOHNSON tennis playing with GRINELL BURT of Pulmer, who is staying at the Oasis Hotel, JIMMY RITZ (back for another R. C. vacation) and p.o. DAVE GILLAM. . . VAN his EVIE and their family are staying in the Armand Deutsch home during their Village vacation. . . Diminutive actor MICKEY ROONEY talking a mile a minute with MR. and MRS. TOM NEAL, and MARTHA VICKERS, who we understand is to be the next MRS. ROONEY. . . Nice to see director BRUCE HUMBERSTONE back again. . . NBC's MR. and MRS. SID STROTZ in a party that included the KEN DO- LANS and NORM BLACKBURN who is NBCing in New York, and endeavoring to shake his New York cold here before heading back to the East. . . Always BUDDY CLARK is there to as are MR. and MRS. ALEXANDER HALL.

Joining MELBA BENNETT out at Deep Well for lunch Sunday the Village Insanities gang. Hope it means we will have another Vanities this year as a part of Circus Week. Personally think it's a high spot on the week's doings. JIM WHARTON, who did the musical direction from a vocal standpoint, and ERNIE FLATT, choreographer, were down for the get together with the locals, whose work has meant such fun for the rest of us in seasons past.

The SUAVE-AIRES are in the musical spotlight out at the swank Palm Spring's Biltmore. . . when we strolled in TED MARLSTON of La HACIENDA Apartments had joined them at the Inn and was the center of an amusing combination of heckling and applause. . . The Biltmore's cocktail lounge commands a picturesque view of the Hotel's beautifully lighted pool. . . MR. and MRS. SIDNEY BRAVERMAN of San Anselmo up in Marion's room who are guests at La Hacienda, were among the pleasant crowd enjoying the evening there.

MARIAN McDONALD of San Francisco, who is a Village homeowner, was dining with her houseguest MRS. MARIAN D'SMITH when we strolled into the Palm House. . . MRS. D'SMITH calls Laguna Beach home. . . BARBARA and BARNEY HINKLE getting a warm welcome from co-owner VIC SUDAWA. . . Paused to chat with LEO ROJO who was surrounded by a group of his fans, and discovered that he will again be the singing voice behind Ricardo Montalban when the latest picture with Esther Williams is released. . . Have you seen JANA's caricatures? If not you'll probably have fun picking out a few of your friends who are hanging on the walls!

MR. and MRS. JAMES HAMMOND at Chi Chi with realtor BILL HEISER. . . JANIS CAUTHORN, looking extra chic with a new hair do, was accompanied by DONA MORRISON. . . BUCK HARRIS chatting between numbers with BEA REYNOLDS and GEORGE ZOUNILES. . . BARNEY OSTROW with a party of his friends.

At the Town and Country found CLARENCE WOOLLEY lunching solo pausing for a chat with PEARL MCMAUS. . . EARL HOUGH and BILL BRADY combining luncheon and business. . . JACK BALLARD, who was doing likewise, popping up to answer the telephone. . . MR. and MRS. JAMES GIBBS, he is prexy of the Seattle Park Board there, ditto JUNE and VERNIE BURNETT. . . a foursome COMMANDER REGINALD VENABLE, CULVER PARKER, KAREL CHESTIAN and REGINALD KRUMP.

Like bridge? Not the building kind but the card kind! Anyway climbed into our car after taking in the local flicker the other night just as the bridge fans did an exit from the Bridge Studio. From our vantage point glimpsed MRS. HOMER MCKEE, EFFIE MAE GORGAN, LEONE INMAN, EFFIE BANKS, DOC and SIEGEL RAYMOND and a couple of dozen others exiting amid much talk about duplicate, points, and this and that.

At Lee Bering's found ANITA HASKELL JONES, her attractive daughter, JOVANA, MAXINE GEARHART and CECIL GEORGE dining after DAVID LYON'S cocktail party and housewarming which sounded like a fun party. . . MARGO TYLER and LOU JEHLINGER the center of a group of friends. . . Incidentally before we forget MARGO TYLER'S parents MR. and MRS. JOHN TYLER of Holmby Hills are staying at the Ste. Wilken Arms (must find out what that stands for). ALBERT and EVELYN BURKI at Bering's as were MR. and MRS. PAUL HELMS and the WILLIAM DEANS who had been partying out at Smoke Tree earlier.

Drove by the airport and met CONOVER KING of Western Air who is in charge of Customer Relations for that company. . . Just stepping aboard the plane after some time here were the JACQUE SURMAGES whose recent trip to Sun Valley added up to a break for Jacque.

Social ACTIVITIES

Mrs. Wells Entertains For Visitor

The Racquet Club was the setting for a delightful bridge luncheon on Thursday when Mrs. Channing Wells of Smoke Tree and Southbridge, Massachusetts, entertained in honor of Mrs. John Quinlan of New York.

Mrs. Quinlan is the village houseguest of Mrs. Horace Armstrong who was also present for the pleasant occasion.

The other guests all of whom maintain homes in Palm Springs included the Mesdames Bruce Burritt of Fargo, North Dakota, Floyd Turner, James Kemper of Chicago, Paul Helms, Beverly Hills, R. F. Ball of Sewickley, Pennsylvania, Detroit's Earle and George Holley, Beatrice McCullough of Steubenville, Ohio, and Mrs. McCulloughs houseguest her sister Mrs. Beatrice Seddon. Following the luncheon hour which took place in the club's garden room, Mrs. Wells and her guests enjoyed an afternoon of bridge.

Church Dinner Scheduled for Thursday Night

All members, friends and those interested in spending a pleasant evening of fellowship and to make worthwhile acquaintances are cordially invited to attend the Community church monthly family dinner to be held Thursday, January 27, at 6:15 p. m. at the Community Church. If possible, it is requested that table service be brought and some kind of prepared dish for the table.

There will be informal singing at the tables followed by an interesting and entertaining program. Merrill and Juanita Crockett will show motion pictures of their trip with the Gordon Feekings to Hawaii last summer.

Mrs. John Dekker, assisted by Mrs. Myron Persons, Mrs. Wilson Hall, Mrs. Harry Vesely, and Mrs. Ross Blaming will be hostesses for the evening.

Sascha Lautman Host to Noted English Visitor

Sir Duncan Orr-Lewis, distinguished Englishman and man-about-the-world, flew in during the week-end to pay his respects to Sascha Lautman of Vienna, who, with Mrs. Lautman is spending some time here while Lautman's famous portraits are on exhibit at the Tennis Club. Sir Duncan is in America for only ten days, after which he goes to Canada to look over his interests there, then will return to his Villa in Cannes for the season. His luxurious "Villa Zero" on the point at the world famous Cap d'Antibes, is perhaps the most glamorous of its kind in the world. This is Sir Duncan's first visit to Palm Springs and he thinks the desert so delightful that he hopes to return and spend the winter season next year.

Chicago Visitor Guest of Honor On Anniversary

N. A. Waters of Chicago, was guest of honor at a birthday party which took place at the Desert Inn on Wednesday night. Given by Mrs. Waters, who is spending the season here with her husband, the delightful occasion included a birthday cake and gifts.

Those joining the surprise occasion were Mr. and Mrs. W. F. Detweiler of Pittsburgh, Mr. and Mrs. C. L. Egtvedt of Seattle, Portland's Mr. and Mrs. H. J. Casey, Mrs. A. E. Casey and Miss Marguerite Casey and New Yorker Mr. J. E. Casey.

Eisenmans Hosts To Los Angeles House Guests

Mr. and Mrs. W. H. Eisenman of 220 Hermosa place entertained Mr. and Mrs. A. Byron Perkins of Los Angeles over the week-end. Saturday evening found them dining at the Shadow Mountain Club. Mr. Perkins is general manager of the Jones Decorating company of Los Angeles, has designed and will install the decorations for the National Orange Show at San Bernardino, depicting the theme of the show, "Famous California Days." His company has been official decorators for the Tournament of Roses for the past twelve years.

Villager Awaits Arrival Here of Noted Sisters

Villagers Tod and Hazel Allison of San Jacinto Way are looking forward to the arrival Wednesday afternoon of three of Mr. Allison's sisters—Mrs. J. K. Lilly and Mrs. F. A. Preston of Indianapolis and Miss Aline Allison of Cleveland.

Mrs. Lilly spent the season of '45 at the Desert Inn with her husband, the late J. K. Lilly, who was chairman of the board of the Eli Lilly company, world's largest manufacturers of pharmaceutical products.

Mrs. Preston is president of the Allison company of Indianapolis, manufacturers of furniture for doctors and hospitals and will be enjoying the desert for the first time.

Miss Aline Allison is well known in the Village, having spent the last four winters here. After a number of years with the public school system in Cleveland Heights, Miss Allison is now president and general manager of the Toy Chest, Inc., located on Cleveland's famous Shaker Square, one of the most unique toy show places of the east.

The three sisters plan to remain in Palm Springs until April 1 and will occupy a guest house on the W. H. Eisenman estate at 220 Hermosa place.

Birthday Party Happy Affair

A birthday party was given last week for Mrs. Helen Allen by her co-workers of the Palm Springs Department store at a dinner at Lee Bering's followed by a bingo party at the home of Mrs. Alpha Ferdon at El-Casa-Don.

Mrs. Rhea Kirkpatrick, daughter of Mrs. Ferdon, was hostess at the enjoyable informal gathering which was climaxed by ice cream and a beautiful birthday cake.

Others present at the happy gathering were Mesdames Helen Krebs, Juanita Dunsforth, Mel Jett, Jean Evans, Marguerite Bingham, Grace Riley, Kate Maze.

International Foils Star Guest Here

Miss Janice Lee York, who won international fame as a fencer in last year's Olympics, is the houseguest of Mrs. Lena Rogers at her home on Buena Vista Drive. Although only 21, attractive Miss York—or Jan, as she is known to her friends—has already established a record in the world of fencing that is nothing short of sensational.

Jan became interested in fencing lessons when she was only seven years old and in 1940, was the youngest person to ever win the Pacific Coast Championship. When her family moved to New York she entered and won the Inter-Collegiate championship, returning to Los Angeles to win both the Pacific Coast and Intermediate championships in 1945, the first time this had ever been done.

In last year's national championship, which is considered a try-out for the Olympics, Jan tied for first place and placed second; going on to accomplish the sensational feat of winning 14 out of 16 bouts in the World's only women's under 30 to participate in Olympic fencing.

Jan is a former classmate of Mrs. Rogers' daughter Betty Howard, and plans to spend most of the winter in Palm Springs where she will do some special work preparing to re-enter S. C. in the fall. She will also continue her fencing instruction under Aldo Nadi in Los Angeles, who is considered the finest fencing master in the world, in preparation for entering the Olympics again in 1952.

Dave Lyons Host at Gay House-Warming Reception

Dave Lyons' cocktail buffet Friday evening honoring his sister Miss Heather Lyons of Blackpool, England, was in the way of a housewarming as well for the attractive new home he recently purchased on Via del Sol. From six o'clock on, the house fairly overflowed as guests continued to arrive throughout the evening, leaving no doubt as to how one of the town's most genial hosts rates his most elaborate and out-of-town friends.

Spotted among the 150 or more guests were, to name but a few, Judge and Mrs. Eugene Theriault, the Reginald Crumps, Dr. Harry Powers, a new resident of Palm Springs, the George Clarke's, Jack Freemans and Jules DeVorzon.

Others were Maurice Libott, Mr. and Mrs. Harry Spencer, new owners of the Royal Palms, Mr. and Mrs. Jerry Nathanson, Dee Arakelian, the Culver Parkers, Grant and Mary Wood, with Mary's sister, Mrs. Ann Fernberg of Cleveland and the Burton Adairs and scores of other well-wishers and friends of the popular Villager.

A ceramic display is now being shown at the Art Center in the Plaza, featuring unusual pieces created by Andrew Lester, art director of the Palm Springs High school.

Lester, who received his art education at Claremont College and in Oklahoma, demonstrates a keen technical knowledge of ceramics, especially in the handling of gold over glaze.

Outstanding Art Features In February

Palm Springs Woman's club will offer two outstanding art features during the month of February, the first being an exhibit beginning February 7 by the colorful Palm Springs artist Axel Linus.

Mr. Linus is the celebrated Swedish artist whose great mural "Viking Feast" adorns the walls of one of Chicago's famous private clubs. Recognized as one of the foremost artists of his country, he now resides in his Snow Creek canyon retreat, reveling in the wealth of subject matter this California desert provides, "San Jacinto Mountain," "Smoke Trees" and "Desert in Bloom" are some of his recent canvases.

The second art feature will be a motion picture of "Music in Color" to be shown Tuesday evening, February 8, and is open to the public.

This unique film is the creation of "music in color" through the process of Auratone naturally formed colors and color patterns, a scientific phenomenon discovered by Cecil Stokes and its development placed under the protection of a perpetual non-profit organization known as the "Auratone Foundation of America."

Thursday Night Club Installs New Officials

An installation dinner-dance was held by the Men's Thursday Night Club at the Biltmore Hotel, Thursday evening when the following officers were elected and took their places for the current year:

President, Dr. Burton Adair, Vice-President, Mr. Barney Ostrow; Secretary, Mr. Isadore Nelson; Treasurer, Mr. Irvin Matloff. After the dinner and election, guests and wives of the members enjoyed dancing in the dining room of the hotel.

Answer to Last Week's Puzzle

I Rise to Remark

There is a story about a man riding one of these Super-Duper streamliners, across the western states. He looked out the window and said to the porter, "I'm surprised they'd have picked fences in this open country." The porter looked out; then replied, "That isn't a picket fence, suh, those are telegraph poles."

I'm not suggesting yet that we are moving that fast towards national socialism, but milestones in this nation's history are beginning to look like an old New England stone fence. I've bought myself a little notebook for 20 cents, and I'm writing down the inscriptions on them, as we go by.

In the 81st congress we professed a bi-partisan policy on certain subjects, notably foreign affairs. The ratio of the senate committee, to which such matters went, was set by the Republicans as 7 to 6. The Republicans did suggest mildly that it would be nice if we could be called in at the take-off, and not after the crash landing. The idea was good, however, and through Senator Vandenberg

and Senator Taft, there was bi-partisan effort.

THIS SESSION the majority party changed the ratio to 8 to 5. There has been no bi-partisan policy in evidence. Crack out of the box, without notice, came the appointment of Mr. Acheson as secretary of state. It was he who brought Alger Hiss into the state department. Donald Hiss is a member of the Acheson law firm; it was he, as undersecretary, who defended the loyalty of the young man who, when the congress secured his discharge, went to the phone and called commie headquarters, and asked, "What do I do now?" All that I am saying is that the policy is obviously changed. It is a milestone.

Committee appointments are about to be announced. The Ways and Means committee, which will impose additional taxes on you, and decide arguments over reciprocal trade agreements, has 5 new democrats. Of the 15 now on that side, at least eight will follow new deal policies, rather than Jeffersonian principles.

The Judiciary committee had a ratio of 15 to 12. The ratio will be 17 to 10. That committee will have the arguments over the tidelands, and the adjudication of the Colorado river dispute, and a few assorted matters of western interest.

THE COMMITTEE on Expenditures in the executive departments had a ratio of 15 to 10. It will be 18 to 7. What do you think will happen to the Hoover recommendations for economies in government, or removing duplications? Is it a milestone?

The bigger milestones will follow. The biggest is the one about which I write and talk frequently, the operations of the propaganda machinery. This involves the difference between the actions of the congress as the columnists and commentators report them to you, and as we see them on the floor. We started right out with the vote on the rule, on the opening day. I'll wager not one person out of a hundred, who reads this, could tell me what the vote was on, or what the congress actually did. My correspondence shows that I'll try to tell you something, just to demonstrate what I mean.

Hospital Notes

By HERMINE ROSIN

Community hospital has been the most grateful and fortunate spot in Palm Springs this past week, because of a most generous group of gifts. The individual responsible for them, a resident of Palm Springs, desired to do something which would be of value to the hospital and the community of Palm Springs, as well, and has given, anonymously, a wondrous variety of long-needed additions to the hospital. These include: A dressing cart, completely equipped, one anesthesia machine, one Continental Oxygen tent, one Griswold reduction Apparatus, one Buck's Extension, one Hall fracture Bed, 1 B72 R-O'Sullivan-O'Connor's, one Chart Desk with 30 charts for the nurses, and a more powerful X-ray tube which

has already been installed. This X-ray tube increases the range for X-ray diagnosis. The total amount of cost of these gifts is \$3600.

After a little personal visit with our patients, I was more than ever aware of the fine job your hospital is doing for the community. Very ill and convalescent patients alike, expressed their admiration and gratitude for our entire staff and their excellent service, food and general attitude.

Among the patients this week is Miss Artie Lee Peterson, longtime resident of Palm Springs and associated with the Tailored Lady shop. Miss Peterson is recovering from pneumonia and getting along very well.

Mrs. Frank Miller, wife of the local realtor, is getting along very well and expects to leave shortly.

Joseph Requena, Desert Inn employee for the past six years, is doing nicely.

Miss Mabel Chillberg, school teacher from Seattle, and niece of the former Norwegian consul there, was admitted with a fractured hip. Miss Chillberg has been wintering in Cathedral City. She is making excellent progress.

Mrs. Thomas Carpenter, who was injured last week in an automobile mishap, is progressing and her condition is favorable.

Two Hundred Girls of Palm Springs Area Enjoy Program Of Local Scout Council Financed by Community Chest Funds

Work and Play
Keep Large Group
Of Girls Busy Here

Two hundred girls of the Palm Springs, Cathedral City and Desert Hot Springs communities enjoy the broad program of outdoor events, community service, handicraft and camping provided by the Palm Springs district of Girl Scouts, an agency of the Palm Springs Community Chest.

With emphasis upon good citizenship, self-reliance, health and preparation for future responsibilities, the Girl Scout organization is hailed by juvenile authorities as the foremost influence on American girls. Community Chest officials here said today.

THE PROGRAM reaches girls of two groups, those of the younger ages in the Brownies and the teen-age girls in the Scouts. Activity and troop centers are provided in the communities served, and these become important meeting places in the lives of the girls in the two age brackets.

Public-spirited women of the community serve on a board of directors supervising the activities of the organization and the training program is under the direction of Mrs. Katherine French as executive.

Typical of the community service projects of the Brownies and Scouts was the clothing for the Friendship collection of the past few months during which the girls gathered sufficient clothing to provide 81 persons with three outfits each. This program was handled under the direction of Mrs. Harry Cissna as chairman and was part of the service program under the general direction of Mrs. Grace Morrison.

ALSO OUTSTANDING in the work of the Scouts in their community service field was the preparation of 300 pounds of candy to be sent at Christmas time to 600 veterans in Southern California government hospitals. Another interesting project was the presentation of a charming series of puppet shows by the Irving Sussmans, making this entertainment available to the grade school children of this area. Three objectives were seen in sponsorship of this series: to bring worthwhile entertainment to children in a medium not often available, to provide an additional increase to the building fund, and to seek to raise the level of entertainment features for children.

Also in the field of community cooperation the Scouts and Brownies participated in the Western Week Clean-Up and Desert Circus parades.

BROWNIE AND GIRL SCOUT training programs are carried on continuously, the girls working industriously on many special achievements in quest of merit badges. This training covers a broad field of outdoor living, self-reliance, home-making, health, safety and a myriad of other subjects. In this work they are part of a nation-wide program of training expertly planned by nationally-known leaders in youth work.

Volunteer leaders provide the inspiration and leadership for girls in both age groups, these public-spirited women giving many hours of time each week to direct the broad program of activities.

Fiesta Night Newest Feature At Palm House

Vic Sudaha and Gene Hughes proprietors of the Palm House, announced this week, a new special night. A gala Fiesta Night for Thursday evening, and each Thursday thereafter when a special Mexican dinner will be featured. Leo Rojo, famous for his Spanish and American songs and ballads at the piano, will be featured each night. The Vel-Tones orchestra will provide their ever-popular music for dancing. A top-comic, whose name cannot be divulged, for he will be a surprise feature for the first evening, is coming here for the first affair.

Fashion Show Here Thursday

Roma's smart woman's shop of the Center, will present a fashion show for Village ladies this week, when on Thursday afternoon the Town and Country restaurant, also in the Center, will be the site of the year's first fashion show. Featured will be Cruise wear, resort fashions, sportswear and the latest spring fashions. Models will include Lora Lee Lyon, Sandra Shearer and Mary Jane Haynes, of Westfield, N. J., and guests at the Smoke Tree Ranch. There will be no admission charge, and all Village ladies and their friends, as well as visitors are invited.

Battle in Street Nets City \$100

Arrested early Saturday morning—about 4:00 a. m.—for street fighting in front of the Desert Inn, Moreland Neal Eskew, 39, and William J. Greer, 26, were jailed and later in the morning were taken before Judge Eugene Theriault where they were found guilty and fined \$50 each.

BUSY GIRL SCOUTS—Brownies are shown, top illustration, sorting clothing to be sent to Europe through the Clothing for Friendship program in which the Girl Scout organization here collected enough garments to provide three outfits for 81 persons. Outdoor events such as this wienie roast shown in lower picture, are looked forward to with great interest by Scouts, the activities furnishing occasions for training and close association between Scouts and their leaders. (Bernard of Hollywood Photos.)

describe the general appearance of the pencilled lines.

THIS ISN'T Be Kind to Animals week but animals made the news in a big way. . . First a Great Dane horns in on a family and not only refuses to leave but tries to boss the outfit. . . Then other dogs kept police busy looking for them, checking their teeth-marks and tending down their barking. . . Comes also a duck which lights in a local pool while in a wild state and stays to become a tame hotel pet. . . On top of that a horse living in Garnet comes all of the way from Desert Hot Springs to Cathedral City and makes himself at home at a restaurant there. . . But Howard Arnold tops them all off. . . He was at his home the other night when a workman called and told him about a flock of 25 geese which had settled along Tahquitz channel near Sunrise Way. . . Arnold went to take a look, skeptical. . . "When did the geese appear?" he asked a worker. . . "Oh, about five minutes after the deer ran through here," was the answer. . . Then Arnold did get doubtful. . . But investigation revealed deer tracks and further study flushed the geese. . . Seems that the deer ran toward the high school. . . Wasn't he the goose!

EVA MENARD has the latest information on the rumored visit of the Duchess of Kent. . . The Duchess isn't coming. . . Mrs. Menard, after hearing of the reports, wrote Her Highness asking what she could do here to help. . . Seems Mrs. Menard's uncle, Henry Blogg of England, and the Duchess are acquainted. . . Back came a letter from London. . . The Duchess of Kent is not planning a visit to Palm Springs this spring. . . Harry Oliver's latest Desert Rat Scrap book is out. . . It's Packet Four of Pouch Two. . . It is dedicated to "Tired Editors." . . Are there any other kind?

OH, I HAVE just deciphered one of those Santa Anita tickets. . . (Yeah, I brought back a few as souvenirs). . . This one had a W then a picture of some sort of a bird, an N almost on its side and a big U. . . I think that means that winter is about over, the birds are back and that the USUAL weather will be with us again almost immediately. . . At least, that's what it would mean if I had written those notes.

L.A. Mayor Talks At League Rally

At the Citrus Beld division meeting of the League of California Cities at the Indio Women's Club last Friday, Palm Springs delegates heard a most enlightening address by Mayor Flether Bowron of Los Angeles, according to Village officials present.

Mayor Bowron's address dealt with city government costs in relation to other costs as well as discussing various aspects of running a large city such as Los Angeles.

The meeting, said to be one of the largest ever held by the divisions with 150 present, was presided over by President James E. Cunningham, mayor of San Bernardino.

Los Compadres, Busy All Week, Will be Busier

Los Compadres, who put in a very busy Sunday, with a breakfast ride in the morning (55 attending) and two teams in the pony express ride and entrants in The Stables' gymkhana later on, are looking forward to tomorrow night's weekly session at The Stables as the high spot of the week.

Started only a few weeks ago as a regular feature, the organization gathers once each week for dinner at The Stables followed by square and other Western types of dancing to the music of Jim Davis' Sunshine Band. According to Wall Spalding, publicity director of Los Compadres, this weekly feature is becoming a party night at which many visitors are now appearing and entering into the Western spirit of the affair.

Seek Check Suspect

Being sought by police for the alleged passing of bad checks is Archie Blackburn, who reportedly left "NG" rubber ones at the Doll House and Carlos Zapateria last week.

From Page 1—MORE ABOUT One-Hour . . .

campaign being handled by George Minium, city engineer, and among the 105 teachers and employees of the Palm Springs schools. In charge of the latter division is Arthur Hoff, manager of the Desert School District.

INITIAL STEPS have also been taken in the Hotel and Apartment Division which will take up the Chest appeal at a general membership meeting in the near future.

Outstanding results have been reported in some of the residential divisions, chief among these being the record-breaking returns from the reservation area which is under the direction of Mrs. Wally Waring as division captain. Both total contributions and number of givers have set a new mark. Through the assistance of Paul Davis, organizer of the William Cox post of the American Legion, 18 veterans made subscriptions to the Chest funds.

RETURNS from the residential division were approaching \$3000 yesterday ahead of the third report set for yesterday afternoon.

First reports from the Advance Gifts division which contracts the larger donors, showed that most residents and business firms were renewing their gifts for 1949 at the same figure or higher than in 1948. President Newcomer declared this forecast success for the Chest if the other divisions also hold up to last year's showings.

Villager's Play Wins Praise At Premiere

"We May Be Happy Yet," both the name of a play and the philosophy depicted in the play, may well make Helen Gerry, resident of Palm Springs and author, "happy yet" in her own right—all due to the reception of the three-act at its premiere showing by the Drury Lane Troupers in Springfield, Mo., recently.

A full-page, with pictures, in the News-Leader of that city was devoted to reviewing the "light, enjoyable comedy" of our Village playwright.
